ELECTION OF SPECIES RESPONSE

COMMISSIONER FOR PATENTS
ALEXANDRIA, VIRGINIA 22313

SIR:

In response to the Election of Species Requirement dated August 19, 2008, Applicants provisionally elect, for examination purposes only: (A) Glycopeptides in which the N-terminal sequence is Y-t-G-F-L-G-G-; (B) Glycopeptides in which one serine residue is glycosylated; and (C) Glycopeptides in which the glycosyl unit has two saccharide units. Generic claims 1, 2, 6-14, 16-18, 20 and 22-37 read on the elected species.

Pursuant to MPEP § 803.02, upon determining that the elected species is allowable, examination should be expanded to include a search of the non-elected species within the Markush group. Applicants submit that the present application is now in condition for allowance and notification to this effect is earnestly solicited.

Respectfully submitted,
